UFI MESSAGE

UFI, The Global Association of the Exhibition Industry, is happy to present the sixteenth edition of this report.

Due to the different levels of development and global diversity, methods may vary slightly from country to country, but all the national bodies that have taken part in this study guarantee the quality of the statistics they have provided. Since the 2012 edition of this report, those statistics relate to certified data, in addition to audited data.

UFI strongly believes that auditing should, wherever possible, be done in a consistent manner to make figures comparable. As such, audited events are identified in this report with the name of the auditor.

UFI continues to play an important role in developing a basic minimum standard for the industry, including the publication and implementation of [“UFI's Auditing Rules for UFI Approved Events”](#). The latter are identified in the report (*).

If you have any questions or comments, please contact research@ufi.org.

Paris, October 2026

Chris Skeith OBE
UFI Managing Director / CEO

(*) The “UFI Approved Event” label is given to exhibitions organised by UFI members after a quality assessment. In 2026, UFI approves more than 900 events.

Founded in 1925, UFI has been the voice of the global exhibition industry for over a century.

UFI's core mission is to represent, connect, and advance the exhibition community worldwide, serving trade show organisers, exhibition centre operators, major national and international exhibition associations, and selected industry partners.

Today, UFI unites around 900 member organisations across 90 countries and regions, directly representing over 50,000 exhibition industry employees worldwide. Headquartered in Paris and supported by five regional offices,

UFI continues to shape the future of the exhibition industry from every corner of the globe.

FACTS & FIGURES

The 2025 edition contains the certified statistics of 1,758 exhibitions from the following 13 countries: *

Belgium (BE)	43
Croatia (HR)	2
Finland (SF)	50
Germany (D)	130
Greece (GR)	22
Hungary (HU)	9
Italy (I)	263
Lithuania (LT)	1
Poland (PL)	108
Portugal (P)	18
Spain (E)	456**
The Netherlands (NL)	201
Turkey (TR)	455
TOTAL	1758

(*) Only events that could show a minimum set of data were taken into consideration. At least two of the following three key data figures had to be provided: "rented space", "total number of exhibitors" or "number of visitors".

(**) Including 28 hybrid events.

These events were organised by 735 organisers, included 503,552 exhibitors and registered 49.9 million visits. 38% of the exhibitions were targeted at trade visitors, 21% at public visitors, and 41% at both groups. A total of 19.4 million square metres of rented space were recorded.

UFI estimates that the certified events in this report represent around 50% of the European exhibition market, in terms of net space rented in 2025. The breakdown of these events by industry sector, as provided by each partner, is presented in the table on the right. As 9% of the events listed more than one industry sector, the percentage of the number of events totals 113%.

DEFINITIONS

AFE Spanish Trade Fair Association (Spain)

Space

The exhibition space is divided into indoor and outdoor areas and it is also divided into total and foreign exhibitors. "Other participations" include special exhibitions and demonstrations related to the theme of the exhibition but it is independent of the exhibitors' area. All those figures are globally considered as net exhibition space.

Exhibitors

Direct exhibitors: Exhibitors who occupy their own stands and receive and pay directly the invoices of the organiser of the exhibition. Indirect exhibitors (or represented firms): Exhibitors who do not have their own stands but present their products in stands of direct exhibitors. In the case of collective or grouped participation, the different exhibitors are considered direct when they occupy an area of at least 9 m2. Exhibitors occupying less than 9 m2 are considered indirect.

We divide into total and foreign exhibitors.

Visitors

Identified visitors: number of visitors (visits) who go into the exhibition and whose data are managed and kept by the organiser.

Other tickets: these figures include sold tickets and controlled invitations that allow the access to the exhibition and their use can be verified. Total visitors are the identified visitors plus other tickets.

We divide into total and foreign visitors.

BDO & Associados (Portugal)

Space

The total rented space includes both hall space and open-air space contracted by the exhibitors, whether it is paid or unpaid, and it corresponds to the number of square meters effectively occupied by them.

The rented space is divided into national and foreign in accordance with the exhibitor classification.

Exhibitors

The main exhibitor is the entity contracting directly with the organiser.

Co-exhibitor is the entity which presents its products/services on the main exhibitor's stand with its own staff.

A represented company is one who is not present with their own staff, and whose products or services are present on a main exhibitor's or co-exhibitor's stand. These represented companies are excluded from the calculation of the total number of exhibitors.

Visitors

Any person entering the fair/trade show during its official opening hours who presents at control access either a ticket or a card proving payment on the entrance fee or an invitation card is considered as visitor. Visitors exclude the staff of exhibitors, services providers and organisers.

The visitor whose address is located in another European or Third country is considered as foreign visitor.

An additional visit, to be verified as made on a different day from the first visit is considered as a repeat visit.

The figures presented in the Euro Fair Statistics brochure concern the number of total visits: total number of visitors plus the total number of repeat visits.

DEFINITIONS

CENTREX-PIPT (Bulgaria, Croatia, Czech Republic, Hungary, Lithuania, Poland)

Space

The rented space is divided up in hall space and open-air space which is rented / contracted by exhibitors.

International incorporates space rented by foreign and multinational companies.

Exhibitors

An exhibitor with his own stand (direct exhibitor) is one who occupies a stand for his company receives the bill from the exhibition organiser and settles it directly. A represented firm (indirect exhibitor) is one who does not have a stand of his own, but presents his products on a stand of a direct exhibitor. Co-exhibitors at an exhibitor's stand or participants at a collective stand are also considered as exhibitors for statistical purposes if they exhibit their own goods employing their own personnel on the exhibitor's stand or at a common stand organised by a collective stand organiser and their autonomy can be undoubtedly recognized even without physical separation. These companies are considered as exhibitors regardless that the invoice is being issued on the exhibitor or on a collective stand organiser. The nature of the participation and the identity of each exhibitor at the stand should be very clear from the application form sent to the exhibition organiser.

Nationality of the exhibitor/co-exhibitor: foreign exhibitors and multinational companies are integrated under heading as international exhibitors (as well as space).

Visitors

The number of visitors is calculated on evidence. The number of paying visitors is established through financial evidence: number of sold tickets (prepaid or on the spot) and number of tickets/entry passes paid by the exhibitor or a third party. Visitors with paid passes for a given period are calculated on the basis of a financially reasonable minimum number of uses of the pass. 4 visitors are counted for each family ticket sold. For persons arriving with vouchers, registration cards or similar valid free passes, tickets can be counted as visitors only if evidence is available.

The number of foreign visitors is established either by tickets sold through special pre-registration means, or filled in-registration cards with evidence of the foreign origin of the visitor or through representative visitor surveys.

CLC-VECTA (The Netherlands)

Space

Net exhibition space: sum of booth space and any space utilized by the organiser for features that have a direct relation to the theme of the exhibition.

Exhibitors

Exhibitor entity that displays products or services accepted by the organiser, with personnel present at the exhibition, including main exhibitors and co-exhibitors.

Visitors

A visitor is a person who visits an event once or several times during the days when the event/ the trade fair ground is open for persons in possession of an entry ticket.

A visitor is:

- A person who obtained an entry ticket during the duration of the event.
- A person who obtained an entry ticket during the period of pre-registration and visited the event/ the trade fair ground at least once during the duration of the event.
- A person who obtained a complimentary entry ticket and visited the event/ the trade fair ground at least once during the duration of the event.
- A person who is in the possession of an annual season ticket and visited the event/ the trade fair ground at least once during the duration of the event.
- A person who is in the possession of a press ticket and visited the event/ the trade fair ground at least once during the duration of the event.

Exhibitor, organiser, service and personnel cards and passes are not counted.

DEFINITIONS

Event Confederation (Belgium)

Space

The space is divided into hall areas and open-air areas. This space is the surface occupied by the exhibitors and it also includes the “special show” areas utilized by the organizer for features which have a direct relation to the theme of the exhibition.

Exhibitors

Direct exhibitors: companies or organizations in touch with the organizer, who pay for their participation or agree on a commercial deal with the organizer in order to be present during the exhibition.

The exhibitor owns a booth, and can sell products from different companies. Those companies offer goods or services via their personnel from their own exhibitor stand area, via a booth.

Indirect exhibitors: represented organizations or companies that are not present with their own staff, and whose products or services are present on a direct exhibitor’s booth.

Visitors

Attendance figures are calculated based on the number of admissions at the exhibition venue during its official opening hours.

The visitor owns an entrance ticket (includes VIP card) or bought a ticket through the preregistration system.

2 systems of admission:

- by an electronic monitoring system
- by retaining the tickets counterfoils or through registrations.

FKM (Germany and some events in Italy)

Space

The exhibitor stand area is broken down according to hall space and outdoor exhibition space, as well as according to space rented by domestic or foreign exhibitors. Stands, display panels and demonstrations, which deal with the theme of an event comprehensively or specific aspects of it, independent of exhibitors, are treated as special shows.

Net exhibition space consists of the exhibitor stand area and space for special shows. Gross exhibition space consists of the net space plus the corresponding access and service areas.

Exhibitors

Companies or organizations, which offer goods or services via their personnel from their own exhibitor stand area, are counted as exhibitors.

Additionally represented firms are companies whose goods or services are offered by another exhibitor.

The number of exhibitors may not include the figures for additionally represented firms.

Visitors

A visitor is defined as a person attending a trade fair/exhibition during the hours in which it is officially open to exhibition visitors.

The number of visitors is calculated according to the number of admissions on the exhibition venue.

A maximum of one admission per day is registered. The number of admissions per day is determined either by manual access control, manual visitor registration on site, a certified visitor admission system or, in the case of digital access, by log-in data and a visitor identification feature.

DEFINITIONS

The Association of Trade Fair and Event Organisers (Finland)

Space

The total rented space of an event refers to the area used by and paid for by the exhibitors. A distinction is made between hall space and open air space. Areas given free of charge to exhibitors are not counted.

Exhibitors

An exhibitor with his own stand (direct exhibitor) is one who has obtained a contract for an exhibition stand in its entirety, or who uses a specified, clearly delineated portion of an exhibition stand using his own personnel to promote goods or services.

A represented firm (indirect exhibitor) is one whose products or services are offered through a direct exhibitor. The number of exhibitors with their own stands may not be added to the number of represented firms, except when evident.

Visitors

The number of visitors is the sum of paid entries, invitation cards used, and other used tickets which can have been obtained by conference visitors who have had access to the trade fair grounds. A visitor who visits a trade fair over a period of many days is counted once a day. Exhibitor, press, service and personnel cards and passes are not counted..

ISFCERT SRL - Istituto di certificazione dati Statistici Fieristici - Institute for the Certification of Trade Fair Statistical Data (Italy)

Starting from 2013 ISFCERT is appointed by ACCREDIA (Italian body member of European cooperation for Accreditation) to audit events in accordance with ISO 25639 -2008 and ISO 17065-2012

Space

The rented space of a fair is the area effectively occupied by the exhibitors, invoiced and paid at the official price.

The space is divided up in hall space and open-air space and in area rented by Italian and foreign exhibitors.

Areas given free of charge to private exhibitors are not counted.

Exhibitors

An exhibitor with his own stand (direct exhibitor) is one who occupies a stand for his company, receives the invoice and pays it.

Exhibitor figures are divided up in Italian and foreign exhibitors.

A represented firm (indirect exhibitor) does not have a stand of his own, but is present in the stand of a direct exhibitor. He cannot be considered, if he does not pay the official fee for the participation.

Visitors

Any person entering a trade fair presenting a ticket or a card proving payment of the entrance fee, or an invitation card with a control slip is considered as a visitor.

Visitors admitted free of charge are counted only if they give elements for their qualification and identification.

Foreign visitors are counted only if their identification is possible.

Honorary cards, exhibitor, press and service cards and passes are not counted.

Each visitor shall be counted only once for the duration of the exhibition: for instance, permanent access cards are counted only once.

Visits are the number of first entries by visitors to the event, to which re-entries on subsequent days must be added.

DEFINITIONS

SOKEE (Greece) - UFI Rules

Space

Total net exhibition space: total floor space - indoors and outdoors - occupied by exhibitors. This is also called “contracted space” and may include both paid and unpaid space. It also includes space allocated to special shows having a direct relation to the theme of the exhibition.

Exhibitors

Only the exhibitors (“direct” exhibitors) are counted.

The main exhibitors are those bodies contracting directly with the organizer.

The co-exhibitors are those organizations/companies present on a main exhibitor's stand, with their own staff and their own products and/or services. They must be clearly identified via several means, e.g. mentioned on the application form of the main exhibitor or declared by an official coordinating body, or in the exhibition catalogue forms.

In the case of a collective participation, the space must be rented and paid for by the exhibitor organising the collective participation. The area is shared by several participants who are considered to be co-exhibitors if they occupy their own area, appear under their own name and present their own products/services by their own staff.

If each of these conditions is not fulfilled, they are considered as “represented companies” (“indirect” exhibitors) and may not be counted in the exhibitor tally.

The nationality of an exhibitor is determined by the address of the exhibiting company/organization as written on the contract with the organizer.

Visitors/Visits

The counting of visitors takes place only during the event's official opening hours when synchronous interactions with exhibitors can take place.

A visit is the action of a person who, on any official open day and hour, enters the event with an access document and who is representative of the market audience expected by the organizers and exhibitors.

Included in the calculation of “visits” are:

- persons who purchase their tickets at the event,
- persons who purchased their ticket before the event AND who attend the event,
- persons with a complimentary invitation or a reduced tariff ticket AND who attend the event,
- persons attending with a season ticket.

A person may only be counted once per day.

Excluded from the calculation of “visits” to an event are:

- staff of the exhibition venue and organizer,
- staff working for service providers,
- staff of exhibiting companies/organizations,
- speakers during the event,
- media representatives.

The visitor is counted only once for the entire duration of the fair, regardless of the number of visits.

A repeat visit is each additional visit of a visitor after the first visit that can be controlled. Here also only one visit per day is counted.

The “Nationality” is determined on the basis of a visitor's place of residence and must be stated on visitor registration forms with mention of the address abroad. Foreign or international visits are those visits by visitors of places of residence other than the country in which the event takes place (EU countries are counted as individual nations). If the event is only digital, the “country in which the event takes place” is that country which has the most visitors at the digital event. All other visitors are determined to be “international” visitors.

Numbers reported in this report relate to visits.

TOBB (Türkiye)

Space

The total rented space includes both hall space and open-air space contracted by the exhibitors, and based on the amount of space rented by the individual exhibitors. It includes the space rented for both national and foreign exhibitors.

Exhibitors

Natural and legal persons who exhibit their services and products on a stand assigned by the organiser in accordance with the provisions of contract signed between organiser and exhibitor.

The organiser has to fill and send a form of fair result report whose example shall be determined by the Union together with fair catalogue, a copy of fair contract, insurance policy and a document showing all insurance premium has been paid, the name list of direct or indirect foreign participants for international fairs to the chamber/commodity exchanges to which it has made its fair organizing application. The form includes total participant number, the rate and number of the foreign participants among all participants, distribution of direct or indirect foreign participants according to countries, total stand area allocated to participants, stand area allocated to the foreigners and its rate among total area, the total number of visitors, the rate and number of foreign visitors among all visitors, distribution of foreign visitors according to the countries and general evaluations of the organiser regarding the fair.

Visitors

Visitor numbers are calculated according to the number of tickets sold, number of complimentary tickets or electronic count at the tourniquets.
